President of Ukraine has signed the Law "On Customs Tariff of Ukraine" № 674-IX of 4 June 2020. This Law enacts the new edition of the Customs Tariff of Ukraine (which contains the tariff code and description of the goods, as well as rates of import customs duty).

Changes to the Customs Tariff became effective from 3 July 2020.

New Customs Tariff is based on the Harmonized Commodity Description and Coding System (2017 version) of the World Customs Organization. Prior to that, Ukraine used 2012 version of the customs tariff nomenclature.

For most part of the goods, customs duty rates would remain the same. At the same time, there will be changes in approach to classification of goods in many industries (e.g., agriculture, chemicals, textiles, mechanic engineering etc.).

Correlation tables between the 2012 and 2017 versions of the tariff nomenclature are approved by the order of the State Customs Service of Ukraine No. 234 of 1 July 2020.
